Day 1. Gothenburg harbor for night. After check out, we make a short trip to the famous restaurant Sjömagasinet. Mooring at the bridge and stay overnight.

Nothing has changed, everything is new"

Combining food and wines one of my greatest passions and after many years spent working with creative cooking the "complete dining experience" is my religion. With this in mind Sjömagasinet will be preparing well thought out dishes paired with exciting beverages, maximizing and allowing for the perfect taste experience.

Together with Gustav Trägårdh, Sweden's Chef of the year 2010 we will present both classic and innovative cooking based on fish and shellfish in a unique and inspired setting. Even though changes have occurred I believe you will feel at home again here and you are welcome. PHONE+46 31 775 59 20BOOK A Table online E-MAIL info@sjomagasinet.se www.sjomagasinet.se

Smögen is one of Sweden's most visited tourist attractions, together with the amusement park Liseberg in Gothenburg and Skansen in Stockholm and Kolmården in Norrköping. The fishing village is a lively tourist destination today, the v29 culminates every year, to the "sailing week." Executive yachts visiting ports on the entire West Coast and parties takes place the whole week. If you want a quiet vacation, you better should avoid this week in Smögen.

Smögens prawns, clams and fish are known throughout the country and the quality is always the best, so take this opportunity to get an impression of the Western sea.

Day 4. Smögen-Grebbestad.

Grebbestad is very pretty, with its colorful little houses and the omnipresent harbor squeezed in between the rocky coast and the islands protecting the Swedish coast from the stormy Sound of Skagerrak. Walk along the harbor and the marina - the moored yachts and boats, which swung in the strong wind as a storm was approaching when we were there, make a really charming picture.

Visit a real fish restaurant in Grebbesrad with cozy old atmosphere that is three feet from the water in the harbor. Has a really good selection of seafood. The name is Grebys restaurant and you book by phone +46 525 14000

Day 5. Grebbestad-Grundsund.

Time to turn. Today we sail down to Grundsund south of Lysekil. Smultron & Paj are a restaurant located on the west wharf in the cozy fishing village Grundsund. The marina and harbor just outside the door.

To view, you can always enjoy a well-cooked fish or just sit back and enjoy a cold beer or even the West Coast maybe most yummy pizza?!

Dag 6. Grunsund - Marstrand.

Time to sail through to sailing metropolis Marstrand. On the way down you must make a short stop on Gullholmen for a good lunch.

Shipping, trade and fishing has been the city's primary industries, but their luck has varied in pace with the availability of herring, which has ruled the city's prosperity. It has also been affected by war several times during both the Danish-Norwegian and Swedish time.

It is an idyllic town that in the summer is a major tourist destination and the Swedish sailing metropolis. Marstrand is a yearly basis for Marstrand Regatta, Stena Match Cup Sweden and other major sailing championships. The city became one of the earliest and most popular seaside resorts, which were particularly high status thanks to King Oscar II's annual visit.

Enjoy the sunset and good food at Marstrands Havshotell. Booking ++46 303 240 200
